Greetings in the name of Jesus!

As we approach the Season of Christmas we here at Faith Lutheran want to make sure we take the time to thank you for yet another year of first-rate service. You've gone out of your way, time-after-time, to ensure our copier received the care it needed and was working when we needed it. You are always fast to respond to our requests for assistance. You've provided us with excellent training and advice so that we can take fuller advantage of our new equipment. You've never been late, you've never complained about providing us assistance when we've asked for it. Thank you.

We wish you a very merry and blessed Christmas. We pray that you will continue to prosper in the year ahead.

Thank you for your generous support and service!

In Christ,

Keith Lankister
Congregation President
